# Your Input Matters!

---

We value your input! As a parent of a child who receives Title I services in our school, you have the right to give input about how the school district budgets and spends its Title I Parent and Family Engagement funds. Over the last few weeks, our school held various meetings with parents and families to revise our school's Parent and Family Engagement Plan and School-Parent Compact.

We hope you had the chance to participate in the meetings. In the meetings, we discussed the following:

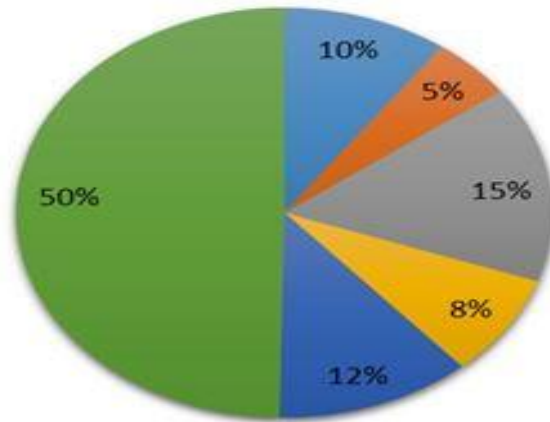

1. Parents and families said that they like having a liaison that provides family engagement opportunities.
2. Parents and families asked for resources on how to help their child at home.
3. Parents and families would like to have workshops on how to help their child with reading and math.
